## Notification

## Notice of continued single lane closures on and around Northway Island from 21 December

December 2020 | [www.hs2.org.uk](http://www.hs2.org.uk)

High Speed Two (HS2) is the new high speed railway for Britain. Early works for HS2 are being carried out by a joint venture between Laing O'Rourke and J. Murphy & Sons, known as LM. In your area, we are working near the A452, A45 and M42, which surround the site of the future HS2 Interchange Station.

### We're improving the local road network

We are remodelling sections of the existing road network in the area and constructing new routes on HS2 land. Reduced, temporary traffic measures will remain in place throughout the Christmas period, and then measures will increase in the new year. We will continue to install our traffic measures during daytime hours as traffic movements in the area remain low, however if traffic movements increase substantially, restricted working hours will be reintroduced.

### Our traffic measures will continue from 21 December

Although LM will not carry out any physical works in the Interchange area from Monday 21 December 2020 to Sunday 3 January 2021, 24-hour single lane closures will remain in place along short sections of Northway, and the A452 and B4438, for health and safety purposes (see map on next page).

From Monday 4 January 2021, single lane closures will be installed on and around Northway Island for three weeks. Our working hours will be 7am to 6pm, but some traffic measures will remain in place 24-hours. We'll work Monday to Friday, however we may extend our works into the weekend if required. Temporary traffic lights will continue to be used intermittently along the A452 during our work (see map on next page).

### HS2 during the coronavirus pandemic

We are continually reviewing the works on our construction sites in line with Government and Public Health England (PHE) advice on dealing with coronavirus. The Government's current coronavirus strategy makes clear that construction activity can continue as long as it complies with this guidance. Please be assured that those sites that are currently still working are doing so because they can operate within PHE and construction industry guidelines.

**If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email [hs2enquiries@hs2.org.uk](mailto:hs2enquiries@hs2.org.uk)**

## About our Community and Business Funds

We are offering two funds that are available to local communities and businesses across Birmingham and the West Midlands, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

For more information about each of these funds, including how to apply, please visit: [www.groundwork.org.uk/hs2funds](http://www.groundwork.org.uk/hs2funds)
